

San Antonio Coaches,

Thank you to everyone who made International Coaching Week such a rousing success!

On May 2nd we had the largest event in the chapter's history with a sell out crowd participating in "**The People Part of Change Management.**" The expert panel shared practical insights on how leaders create the environment that enables people to thrive.

That same week attendees at "**Change. For Good.**" described it as "the most impactful training they had ever experienced." Change happened before our eyes in a live coaching session. We look forward to offering more events like this with hands-on application of coaching.

Join us in deepening your coaching skills and advancing the mission of the International Coach Federation:

"Coaching is an integral part of a thriving society and every ICF coach represents the highest quality of professional coaching."
