

Hello Members and Friends of ICF San Antonio,

As a branch of the International Coaching Federation that sets the highest standards for our profession, our chapter's purpose is to elevate the coaching profession in the community we serve by implementing the ICF Core Competencies and Code of Ethics. International Coaching Week is quickly approaching, and with it, the opportunity to celebrate our profession, the value it brings to individuals and organizations, and its return of investment.

Our theme for this year's International Coaching Week is "From Reality to Possibility," and we sincerely hope you will take advantage of the quality programming, a new opportunity to serve the community, and ways in which you can get involved with the chapter.

As our chapter community continues to grow, my pledge to all ICF San Antonio members is for everyone to feel included and valued regardless of their years of experience or level of credential. We acknowledge that our members' background, skills and talents, and passion for coaching are needed more than ever in today's world, and we are grateful that you have chosen ICF San Antonio as your tribe and go-to place for professional growth, networking, and support.

As I continue to reach out to members and schedule one-on-one conversations, I look forward to getting to know you better. Please feel free to contact me anytime with questions and feedback at president2023@icfsa.org.

All the best,

~Susanna Clavello

ICF San Antonio, President of the Board
